67/19 APPROVAL OF MINUTES

The Parish Council RESOLVED that the minutes of the meeting held on Wednesday 3rd April 2019 should be accepted as a true record of the meeting and the minutes were duly signed by the Chairman.

68/19 TO RECEIVE ANY UPDATES FROM COUNTY AND DISTRICT COUNCILLORS

In their absence District Councillor Jenkins and District Councillor Town's Annual Report had been emailed to the Council, the contents of which were included in the Annual Assembly Meeting minutes.

In her absence at the Annual Meeting County Councillor Anne Wight had forwarded her monthly report to the Clerk, Roz Roberts and asked her to include the following:-

The Brownlow Bridge

Due to a delay in the publication of the TTRO to place an 18 tonne weight limit on the Brownlow Bridge, the TTRO was unable to be placed on the bridge on the original date of 23 April. The new date for the TTRO is to be the 9th May, at which point the signage and diversion route will be in place.

On 16 April the bridge was again hit by a vehicle, resulting in damage to the side which had not been previously damaged and repaired. BCC sent officers to inspect the bridge and it was deemed suitable to remain open, although they are now awaiting the Canal and River Trust's assessment and information on repairs, as there are cracks in the mortar and some bricks are missing from the base. Cllr Wight will be reporting back to parishes once more information is received from CART.

There had been a discussion at the recent meeting between BCC and stakeholders on the Marsworth Industrial Estate regarding whether the bridge had had any reinforcement historically. The Trust were not able to find any such evidence, so in order to establish the efficacy of this claim, intrusive investigatory

MINUTES OF THE ANNUAL MEETING HELD ON WEDNESDAY 8th May 2019

methods would be needed. These would involve specialist consultants taking deep core samples into the relevant structural parts of the bridge. This would require the bridge to be shut for at least one day, with associated traffic management for the road closure.

The total cost of doing this investigatory work is likely to be several thousand pounds and cannot be justified in the absence of robust historical evidence.

However, anyone wishing to express a view on the long-term outlook for the bridge is welcome to do so via email at the following email address: freight@buckscc.gov.uk

Planning applications CM/0017/19 and CM/0018/19

These planning applications are for additional industrial waste processing of 25,000 tonnes and 87,500 tonnes respectively per annum on the Marsworth/Cheddington Airfield Industrial Estate and are currently open for comment.

Cllr Wight advised people to comment on the planning application web site.

Local Government Reorganisation

For anyone wondering about the details for the new Buckinghamshire Unitary Authority, the Leader of Buckinghamshire County Council, Martin Tett, is releasing periodic video updates which you can watch on youtube – https://www.youtube.com/watch?time_continue=2&v=tEwBKhg4GHY

They provide more detail about how the new unitary authority will work and what steps all the district councils and the county council are taking to make sure they get everything in place by this time next year.

Mental Health Awareness Week

Cllr Wight explained her role as a Mental Health Champion, both internally at BCC and a Time to Change Champion outside of it. She mentioned Mental Health Awareness Week - 13th – 19th May promoting the importance of talking about mental health problems and is continuing with work on Time to Change which is designed to tackle the stigma associated with mental health.

Bucks County Council are organizing events both internally and externally to raise awareness of mental health issues and start discussions on these topics. If you are interested in learning more she provided the weblinks below:

This is not an 'official' Network Rail access point as they have no right of way across the Parish Council land. Clerk had received an email requesting granting them a formal access agreement. All agreed that all requests had been addressed by Persimmon and that the PC did not want to hold up the development any longer. Clerk to also to advise AVDC via the link that the PC had contacted Persimmon regarding the change of ownership type.
 - All were aware that the reducing the affordable housing was being reduced to 33% but there was scope within the Cheddington Neighbourhood Plan to do this.

71/19 TO RECEIVE REPORTS FROM OUTSIDE ORGANISATIONS

There were no reports received.

72/19 PAVILION

The Clerk had to resend the signed New Homes Bonus (NHB) application form to Jan Roffe at AVDC as they did not have a copy on file.

QS Adam Byng - Budget Estimate Refurbishment report now produced.

Next steps – Following on from the Pavilion Working Group Meeting

- Clerk has spoken to Jan Roffe at AVDC regarding the New Homes Bonus and the possibility of
 receiving more grant aid. Unfortunately, this was not a simple process as possibly would have
 to re-apply. It appears that no professional fixed fees were included in the initial funding claim
 form hence the deficit between the budget estimate and figures submitted in the application.
 Clerk to check file.
- Clerk had spoken to Hugo Hardy (HH). He is still awaiting confirmation from Derek Town that
 we do not need to submit another planning application but a Non-material Amendment. He will
 then produce the drawings and specifications for the tender with Adam Byng, the QS. There will

MINUTES OF THE ANNUAL MEETING HELD ON WEDNESDAY 8th May 2019

be one specification summary document for the chosen builders. Advised will take 6 weeks to produce. The Structural Engineer will be sending his quote this week.

- If the Council wishes, and HH has a clear instruction to proceed, he can begin work on the tender but there is the risk of some time charges if things alter as a result of planning requirements.
- HH probably would be able to start the works in 3/4 months' time if all goes according to plan.
- A Refurbishment and Demolition Asbestos Survey is required which is a more intrusive survey. Last survey not deemed sufficient was carried out on 19th January 2018. Quote from Bob Plant, Transthermal Management Services Ltd, £350 plus VAT.
- VAT implications on this project Under section 14.7.4 of HMRC VAT Guide 708 it states sports pavilions are classed as a 'relevant charitable purpose' and so all construction costs should be zero rated, VAT for all professional fees & surveys are standard rated.

73/19 VILLAGE WALK -

It was agreed that the annual village walk would take place on Wednesday 22nd May 2019 at 2pm, meeting at the pavilion.
