

Real Christmas Tree Recycling Service

AYLESBURY VALE
DISTRICT COUNCIL

Residents can recycle their real christmas trees for **FREE** at

**Wyevale Garden Centre,
Worlds End, Wendover
Saturday 9th January 2010
9am - 2.30pm**

A new initiative from Aylesbury Vale District Council allows you to recycle your real christmas trees and if you want, take some of the chippings to use on the garden as a mulch.

The compost made from the chippings will be used to keep Aylesbury Vale parks and gardens looking lovely!

Please remove all decorations and tinsel before bringing your tree to be recycled.

If possible, cut your tree into two pieces if it is over seven feet tall.

DO NOT leave christmas trees in the car park after the specified time.

Residents in the brown bin trial areas can put the tree in their brown bin (chopped up)

Thank you for recycling.

Remember to recycle this Christmas.
Visit www.aylesburyvalcdc.gov.uk or call 01296 585862

The possibilities are endless.
